

# Class Dojo

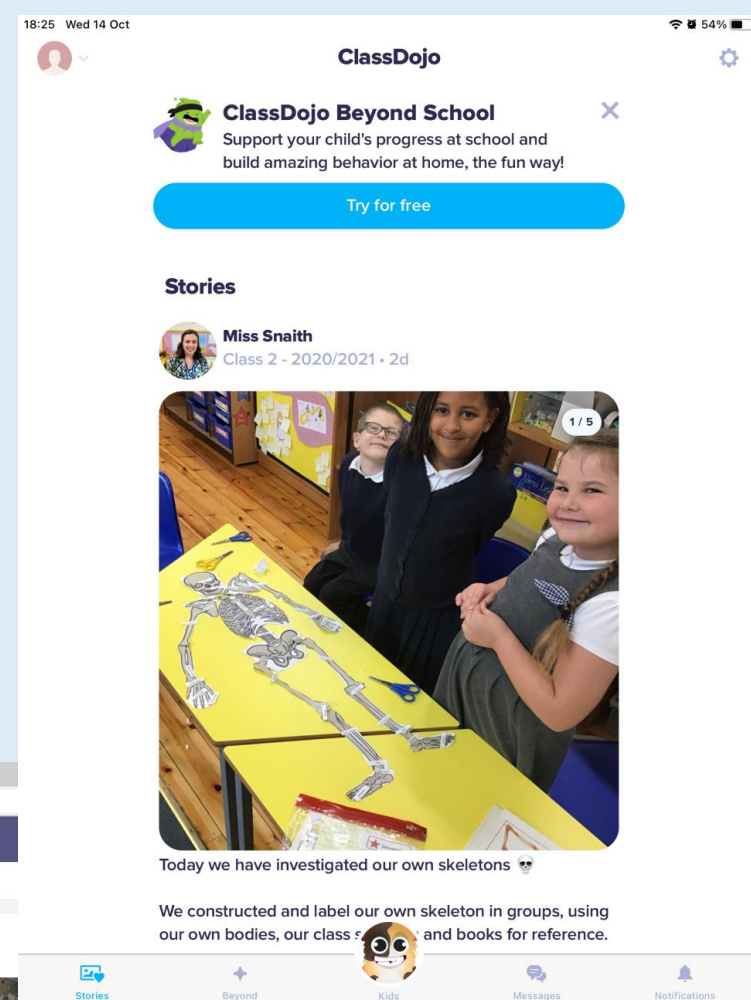

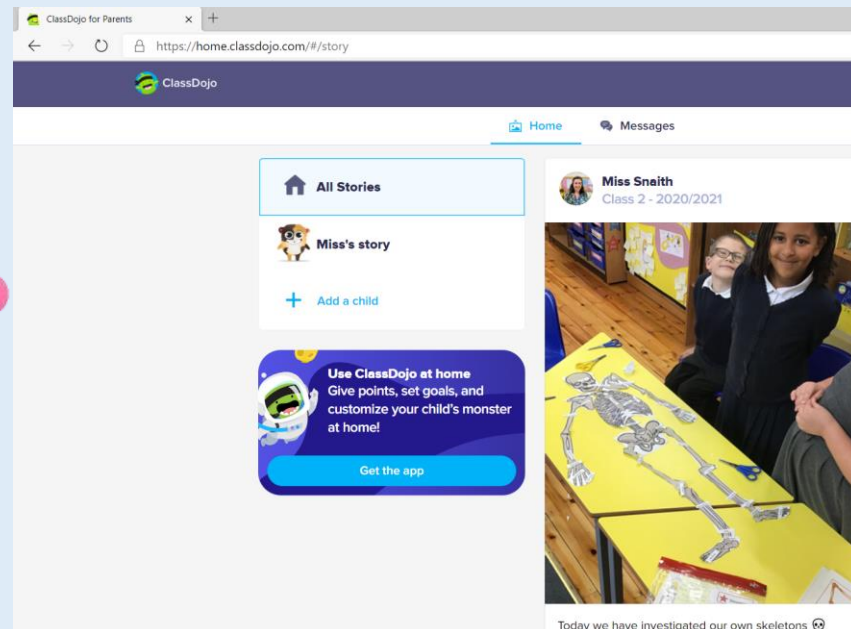

## A quick reference guide

# Class story

On class story teachers can:

- Post announcements, files, events, and reminders to our Class Story
- Share photos and videos of classroom activities, lessons

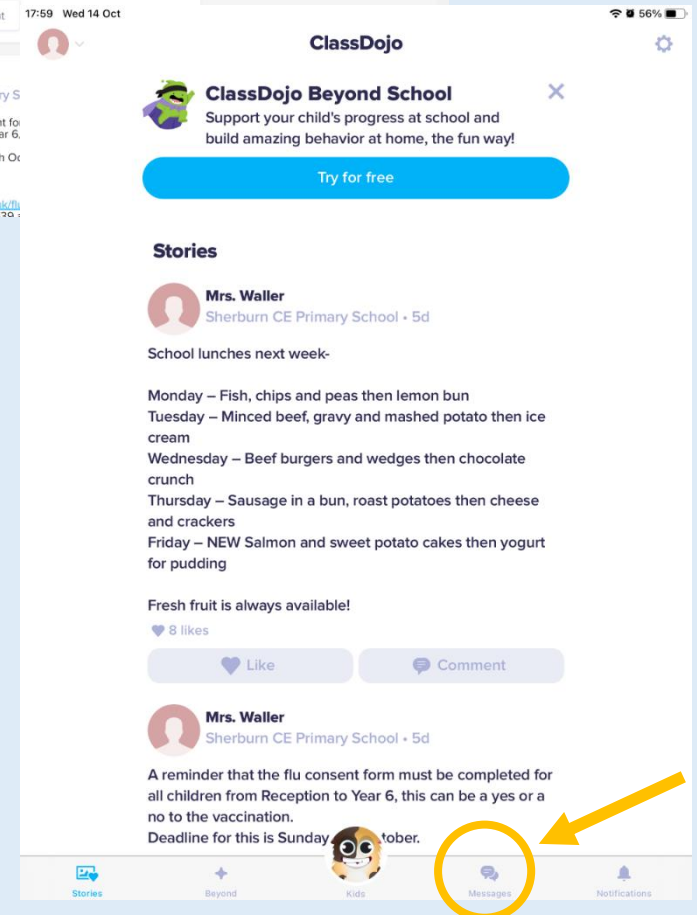

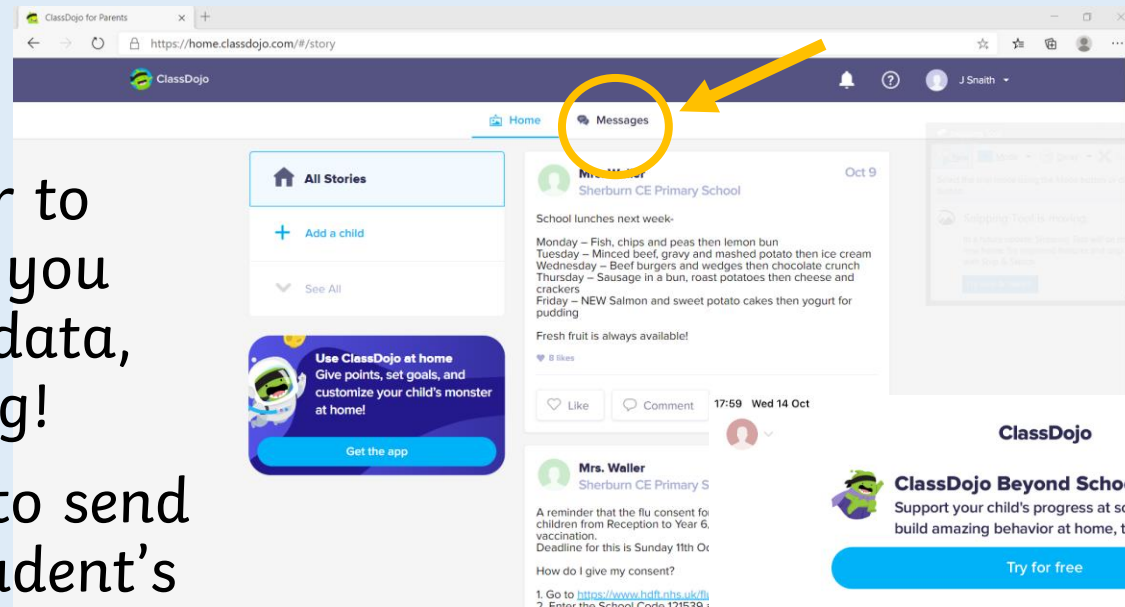

# Messages

- Our messaging feature is similar to Facebook Messaging. As long as you have internet access or cellular data, you can use ClassDojo Messaging!
- Our messaging tool allows you to send text, photos and files to your student's teacher.

When I respond to a teacher, is it private?

All messages sent by parents on ClassDojo Messaging can only be viewed by the teacher the messaged is sent to. No other teacher or parent (even your child's other parent or guardians) can view your messages. Each message thread is completely private between you and one teacher.

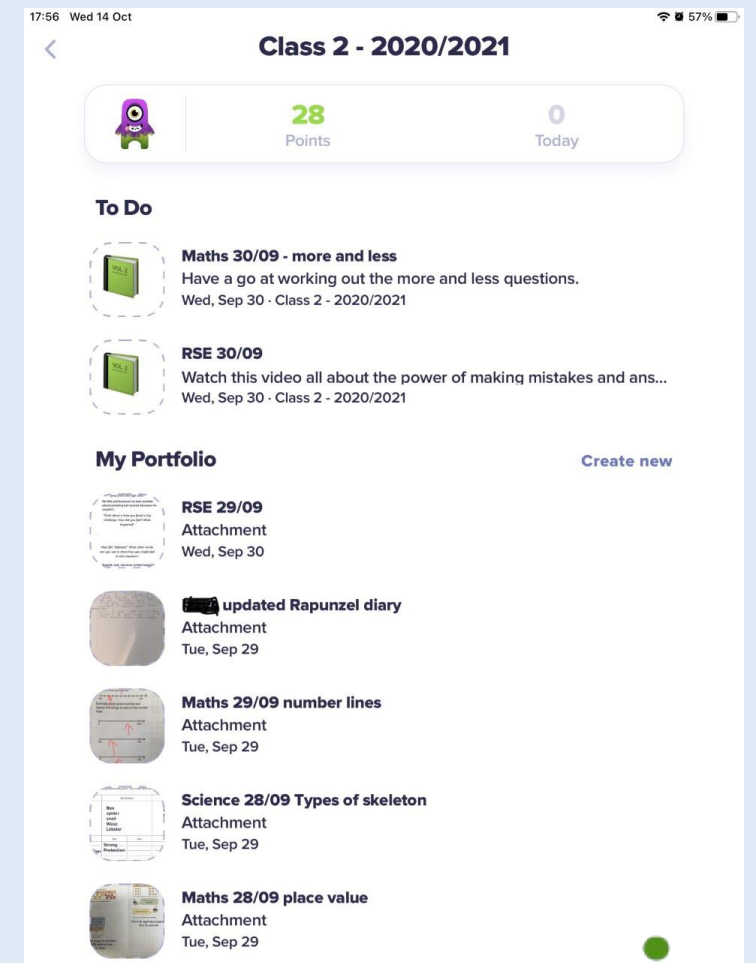

# Portfolios

ClassDojo Portfolios is a 100% free, digital student portfolio that allows students to share their learning with their teacher and their family! Students can upload work to their Portfolio in class or at home, and families can see their child's posts on a mobile device, or on the Web - wherever they login to ClassDojo.

Watch the video below all about portfolios on Class Dojo:

<https://youtu.be/3XCXSBHbMIo>

# Logging onto a child's account

Please see the video below on how your student can log into their account and access their Portfolio from the website!
